Arabic and English abstract comparison

LabeebWriting.com

Use one row per claim. Compare both abstracts with the manuscript, then enter the approved wording in each language. The worked row is fictional.

Working table

Claim and source	English and Arabic wording	What needs checking
Sample · Methods section, first table	42 analysed responses from 48 invited staff · ٤٢ استجابة من أصل ٤٨ حُلّلت موظفًا دُعوا	Use 42 for the analytical sample in both abstracts.
